

## Dr. Parker Francis

# ISSA-COS October 2022 Chapter Meeting

**Date/Time:** Tue, October 18th, 2022, 6:00 – 7:30 PM Mountain Time

**Guest Speaker:** Dr. Parker Francis, Program Security Manager, Sierra Nevada Corporation

**Presentation Title:** The Impact of Servant Leadership Behaviors on Cybersecurity Professional Retention

**Synopsis:** The Impact of Servant Leadership Behaviors was a study conducted on 27 cybersecurity professionals of various experience levels within the defense sector. This study aimed to investigate potential factors effecting cybersecurity professional retention/attrition. The findings of this study indicated leadership competencies as a primary factor in a cybersecurity professional's intent to stay.

This presentation will unpack and provide an in-depth discussion on the leadership competencies involved.
